DILIGENCE

FIRST & LAST NAME: _____

Diligence means "I do my work carefully!" When we work really hard and we don't rush through learning something or doing a job, we are showing diligence. Some people show diligence when they do a chore at home. Some people show diligence when they do schoolwork. Some people show diligence when they work on a skill in our class. How do you show diligence? Draw a picture (and color it in!) of you showing diligence.

What are you doing in this picture? _____
