LEGACY

FIRST & LAST NAME: _____

When people who care about us tell us stories about their lives, we often learn something. Ask an adult in your life (family member, coach, teacher) to tell you a story about when they learned something really important such as hard work, courage, trust, friendship or doing what you love. Then report in. What did they learn? What did you learn from hearing the story? By telling stories like these, we help to create that person's legacy-- and we can retell those stories to others...who can retell those stories to others...and on and on!

Who is the story about? _____

Write 1 or 2 sentences about what happened in the story:

What did the person telling you the story learn? _____

What did YOU learn from hearing the story? _____

Do you think you could retell this story to someone else? (circle) YES NO

If you'd like, draw a picture and illustrate the story on a separate piece of paper!
