LEGACY

What would you like your legacy to be? How we are remembered is based on the way we live our lives, the character we display, and the real connections we make with others along the way. Think through the way you hope people will remember you in the future so you can ensure that you are living your life in a way that is congruent with that goal.

How do you hope others will describe you? Identify your top 5 words:

On a scale from 1-5, are you living a life that is congruent with the words you identified here?
